

WORK EXPERIENCE

11-2022 - present	QA Senior Test Automation developer Endava - Central and Eastern Europe - Endava Adriatic City: Osijek Country: Croatia • Financial Technologies - American Bank • Independent project management for the testing branch • Client reporting on the results of manual, automation, and accessibility testing • Project tracking, task management, and team collaboration using Jira • Jira Dashboard for visualizing percentage metrics, tracking bug statuses, and organizing own tasks • IntelliJ as a development environment for Java programming, and Selenium for implementing automated tests • Postman - API testing • Browserstack - a cloud-based cross-browser testing tool, performance and compatibility of websites and web applications across diverse browsers, devices and screen sizes. • Accessibility testing - axe DevTools tool for website accessibility • Software accessibility tools - JAWS, NVDA, VoiceOver, and TalkBack • Automated accessibility testing tools - axe DevTools and Lighthouse • Jenkins continuous integration and continuous delivery (CI/CD) for automating software development processes	
09-2019 - 11-2022	QA Test Automation developer Roxoft City: Valpovo Country: Croatia • Financial technologies - European Bank • Estimating the necessary time and complexity for each test in the iteration • Script writing, definition, and code according to the manual test description • Test definitions are written to high quality standards, ensuring they are easily readable and understandable • Each written definition aligns structurally with all other definitions, maintaining the quality of documentation • Test automation is carried out in a manner that corresponds 1:1 with each definition • Association of automated tests through tools such as Azure DevOps Regression testing • Preparing tests for execution via the Azure DevOps platform daily, and analyzing failed tests after execution • Thorough documentation of each failure and fixing tests affected by non-bug-related failures • Structured reporting of discovered bugs and communication with developers to fix the reported issues • Using queries to retrieve data and comparing it with data displayed on the user interface • Maintaining original data by executing teardown test cases • Leading the team performing the aforementioned tasks through iterations	Lenzburg, CH +385 915844171 ediwittendorfer@gmail.com linkedin.com/in/edi-wittendorfer-54570a175 ediwittendorfer.com

SKILLS

Automation Testing	
Selenium	
Automation Testing	
Playwright	
Manual Testing	
Zephyr	
Accessibility Testing	
axe DevTools	
Programming	
C#, Java, TypeScript	
Database Management	
SQLDBx	

TECHNICAL SKILLS, CERTIFICATIONS ETC.

- **Technical skills**
 - Programming Languages: C#, Java, TypeScript
 - Testing Frameworks: Selenium, Playwright
 - Build Tools: Maven, Gradle
 - Version Control: Git (BitBucket, GitHub)

- CI/CD: Jenkins, Azure DevOps
- Issue Tracking: Jira
- Manual Testing: Zephyr
- IDEs: Visual Studio Code, IntelliJ, Eclipse
- API Testing: Postman
- Database Management: SQLDbx
- Accessibility Tools: axe DevTools, NVDA, JAWS, VoiceOver, TalkBack
- Web Development Tools: Chrome Accessibility Pane, Firefox Accessibility Inspector, Lighthouse - Analyze Page Extension Tool
- Design Tools: Figma
- **Platforms**
 - Operating Systems: Windows, macOS, Android, iOS (Apple)
 - Collaboration Tools: Microsoft Teams, Slack
- **Certifications and additional skills**
 - Secure Coding
 - SQA Consulting Limited
 - November 2020
 - ISTQB Certified Tester Foundation Level (CTFL)
 - SEETB
 - December 2021
 - C# Language Course (6 months)
 - Basics of website and web application development
 - Creating web shops on the MVC model
 - PHP Academy (Inchoo, Osijek)
 - Familiarity with Linux operating system
 - Console connection to server
 - Working with Symfony Framework
 - Personal Portfolio: www.ediwittendorfer.com
- **Additional information**
 - Knowledge of accessibility testing and compliance across different platforms and tools.
 - Expertise in setting up and managing CI/CD pipelines for software development projects.
 - Experience collaborating with teams using various communication and project management tools.
- **Business hobby**
 - Freelancer on the Fiverr platform during studies
 - Working on various projects, including:
 - Adobe Photoshop: Image editing
 - Sony Vegas and Adobe Premiere: Video editing

A little fun fact about me is that I accidentally started my career in software testing on "International Software Tester's Day," which is celebrated every year on September 9th

EDUCATION

12-2021 - 12-2021	Certificate - ISTQB Certified Tester Foundation Level (CTFL) SEET - South East European Testing Board
11-2020 - 11-2020	Certificate - Secure Coding SQA Consulting Limited
01-2019 - 02-2019	Inchoo - PHP Academy
06-2017 - 12-2017	C# course
07-2013 - 09-2017	Bachelor of Science in Electrical Engineering - Informatics specialization Faculty of Electrical Engineering, Computer Science and Information Technology Osijek
06-2009 - 06-2013	Computer Technician First High School Beli Manastir

LANGUAGES

ORGANISATIONAL SKILLS

1. Freelancer

- Independently managing, negotiating, and executing projects for over 160 satisfied clients worldwide (during collage years as a form of side income and new experience - Photo/video editing)

2. Working in agile methodology

- Regularly completing tasks within iterations
- Scheduling and prioritizing tasks based on their importance and complexity
- Creating and evaluating iterations within the team

3. Project leader and spokesperson for the group

- Project leader and spokesperson for the group during studies
- Organizing meetings and coordinating within the group
- Monitoring team productivity and ensuring successful project implementation

COMMUNICATION AND INTERPERSONAL SKILLS

1. Communication and Interpersonal Skills

- Excellent communication skills and effectively collaborate in a team environment
- Extensive experience in communicating in English with people from different parts of the world

2. Work within the company

- Experience in direct collaboration with developers and other manual/automation testers
- Confidently present my own ideas and solutions related to projects
- Handle business inquiries effectively and provide direct responses
- I have participated in the hiring process of new employees, performing the role of technical review for Test Automation

OTHER SKILLS

Digital Design Skills

- I possess advanced knowledge of Adobe Photoshop for image editing
- I demonstrate expertise in creating and editing video content using tools such as Adobe Premiere and Sony Vegas

Interests and Hobbies

- Volunteer - Croatian Red Cross
- In my free time, I actively engage in physical activities such as gym workouts, cycling, and snowboarding
- Exploring aesthetics and composition in photography, providing space for creative expression
- Enjoying spending my free time with friends from other countries through online gaming, through which I learn about various cultures and customs
- I delight in the complete process of preparing espresso, from selecting beans to the perfect cup of coffee, exploring the different flavors and aromas that this process offers
